### **Fire Procedure**

You should at all times ensure that all the designated exits are kept clear.

You are required to ensure that those attending the function are made aware of the designated exits which should be used in the event of an emergency. Please see instructions below in case of fire.

In all but minor instances you should evacuate the premises as quickly as possible via the designated exits. These exits will be shown to you and they are also clearly marked on the four plans which are displayed in both halls. (Two in the large hall and two in the small hall). Where minor fires are controllable please use the fire fighting equipment provided. This is provided in the form of five extinguishers and their locations are next to the designated exits. Please make yourself familiar with their locations.

In all other cases please call the fire brigade, the alarm does not automatically call them for you. There are five break glass points, three in the large hall by the exits, one in the small hall by the main entrance / exit and one in the kitchen by the rear door.

When exiting the building, please do not stop to pick up personal items, these are replaceable, you are not. The fire assembly point is the flagpole in the car park next to the main gate.

### **First Aid**

First Aid boxes can be found in the kitchen cupboard which is immediately in front of the door from the corridor between the main hall and the kitchen and back stage on the shelf located at the top of the steps to the left hand side of the stage.
